

XOOM™ OUT IP40

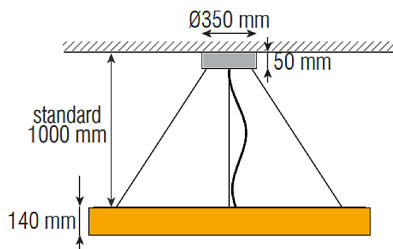

XOOM™ OUT is a circular luminaire with an aerial design floating in time and space. The light shines outward its ring shape and floods its surrounding with elegance.

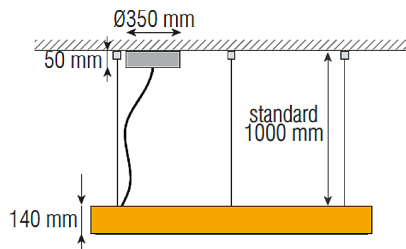

XOOM™ OUT complements any architectural concept with a graceful contrast of light and obscurity. Even though XOOM™ OUT expels light out of its core, its innovative light distribution creates a singular lighting effect.

Mounting types & dimensions

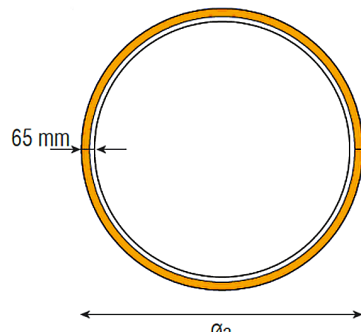

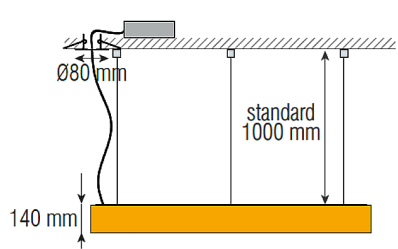

R Recessed canopy

C Ceiling mounted canopy

S Ceiling mounted canopy with suspension

No additional mounting accessory needed. Luminaire comes with power supply and DALI. Pendant ropes are 1.5 m standard, special lengths on request

¹ The given data are typical values. Due to tolerances of the production process and the electrical components, values for light output and electrical power can vary up to 10%.

² The T_c-point should be measured in thermal equilibrium according to IEC EN 60598-1.
